

COSMO 2020² SCOTLAND

We would like to announce the [Cosmo 2022 - Scotland workshop](#), a continuation of the previous four events known as the Nordic Workshop on Cosmogenic Nuclides. The three-day workshop and the one-day field excursion will be jointly hosted by the Scottish Universities Environmental Research Centre (SUERC) and the University of Edinburgh, and held in **Edinburgh, 7-9 June 2022**. The workshop will comprise a scientific programme of oral and poster contributions by members of the international cosmogenic nuclide community, discussions, short practical workshops, and an optional field excursion the last day.

Registration

Registration is now open: <https://www.epay.ed.ac.uk/conferences-and-events/college-of-science-and-engineering/school-of-geosciences/school-of-geosciences-events/cosmo-2022scotland>

Registration costs: £250 (full), £180 (early career), £150 (student/unemployed), £35 field trip supplement. Includes: tea/coffees/lunch each day, plus conference dinner/Ceilidh on Wednesday evening. If costs are an issue, please contact us. Registration will initially open to the first 50 registrants, but we expect to increase capacity to 100.

Abstract Submission Deadline: 01 May 2022

Abstracts should be formatted using the conference template and submitted via email. Full instructions on the conference website.

Workshop schedule:

6 June (Mon): SUERC Tour/Workshop [20 places, first come, first served on registration]
7-9 June (Tue-Thur): Oral and poster presentations, discussions, workshops.
10 June (Fri): Field excursion to the Highlands.

Scientific Committee Members Wanted: Each member will receive 5-10 abstracts to assess and will work with the committee to assign session talks and posters. Please contact us if you are interested.

Confirmed Speakers: Irene Schimmelpfennig, Simon Mudd, Nat Lifton, Tibor Dunai

We look forward to welcoming you in Edinburgh in 2022!
